# Recovery Under the Stars

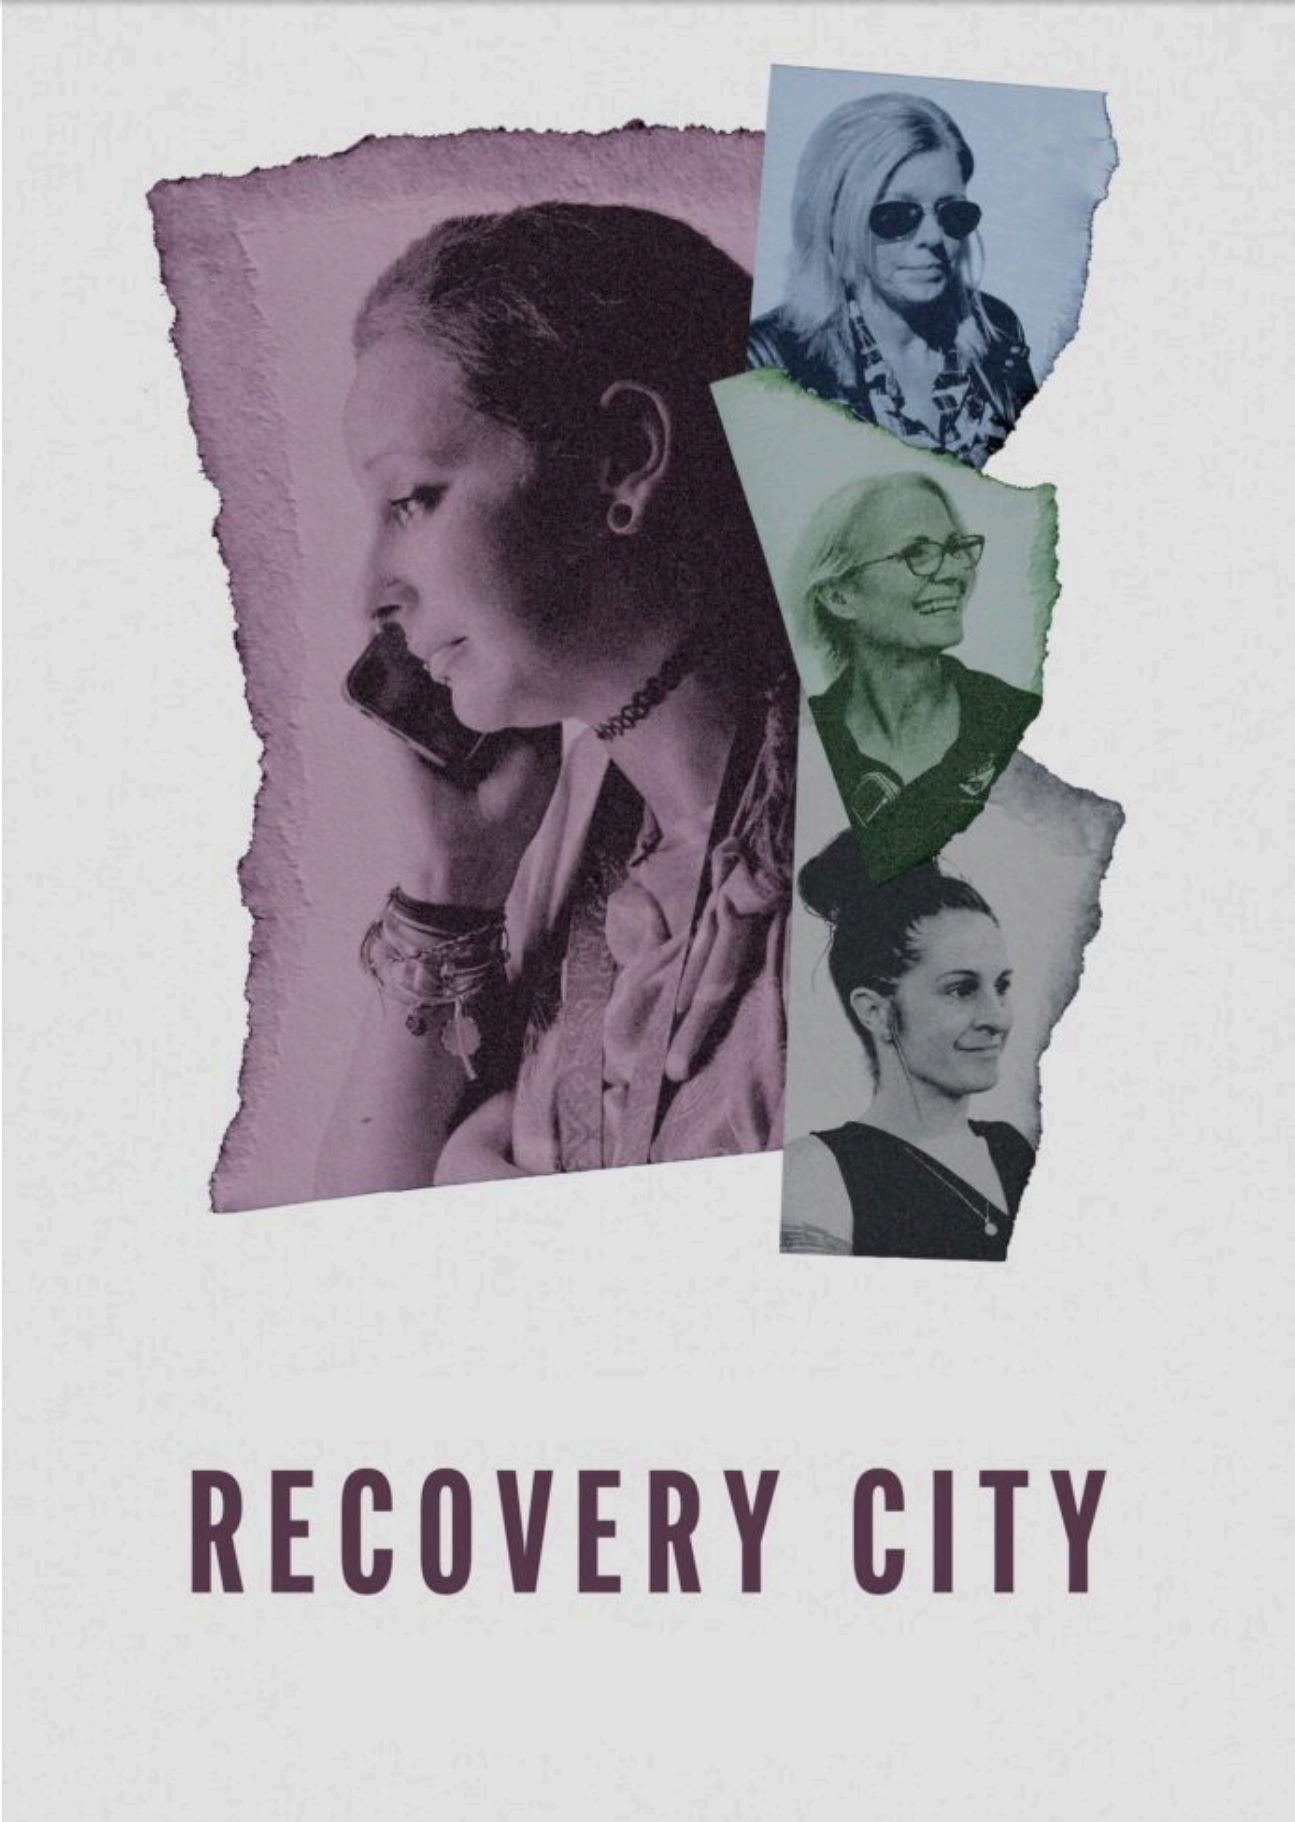

## Night of Inspiration - Recovery City

### Screening

Our recent screening of *Recovery City* was nothing short of inspiring! This powerful film resonated deeply with our guests, especially those on their own recovery journeys. It was an evening filled with hope, connection, and meaningful reflection.

We are especially grateful to Director Lisa and film participant Six for joining us, sharing their insights, and speaking directly to our Miracle House women and online guests. Their presence and words left a lasting impact, reminding us all of the strength found in recovery and community.

Thank you for making this night so special!

# Community Day at Our Miracle House

We are also incredibly grateful to Iglesia Angelica, who visited our Miracle House women on February 16th, and brought generous donations and food. As visits took place for our clients, everyone was able to enjoy some time together, making the day even more special.

Thank you to all who contributed to this beautiful moment of community and support!

## Valentine's Day ❤️

This Valentine's Day, the Miracle House women came together for a celebration filled with creativity, encouragement, and fun team challenges!

Each team started by coming up with a team name and creating two powerful statements—one to discourage others from starting drug or alcohol use and another to offer support to someone seeking help. Their words of wisdom were a heartfelt reminder of the strength in recovery and the importance of lifting each other up.

The teams then got to work decorating the living and dining rooms. The best-decorated space won a team prize! The celebration continued with a Karaoke competition 🎤, a Dance-Off 💃, and a special challenge where each team prepared something meaningful for the other.

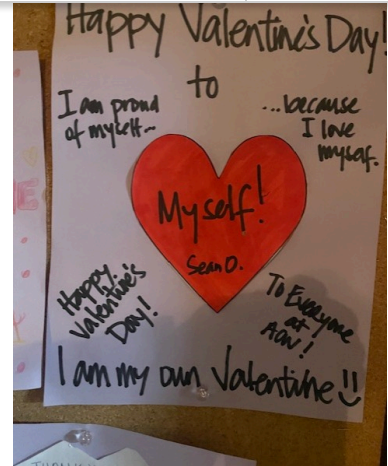

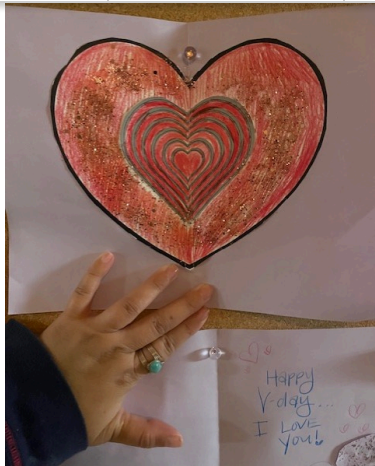

It was a super fun day, and our Miracle House women had the opportunity to share their healing journeys together. ❤️

The background of the central graphic features a light purple and pink textured backdrop. In the center, a white floral teapot pours milk into a matching teacup filled with tea. Several paper butterflies are scattered around the teapot and cup. To the left, a plate of golden-brown croissants sits on a white ceramic stand. To the right, another teacup with tea is shown on a saucer, also with a butterfly nearby.
